### REMARKS

In the application, claims 39-49 and 52-64 are pending and are rejected.

The Examiner rejects all claims in the application under the judicially-created doctrine of nonstatutory obviousness-type double patenting over the claims of U.S. Patents No. 6,503,457 and No. 6,824,738 respectively, both of which are commonly owned with the present application.

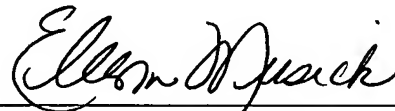

Being filed herewith is a terminal disclaimer to overcome the rejection. Applicants respectfully request that the Examiner withdraw the rejection and issue a notice of allowance for all claims now pending in the application.

Should the Examiner believe that handling of this application could be expedited by further discussion, he is kindly requested to telephone the undersigned attorney for Applicants.

Respectfully submitted,
